<b>Date of Review by Governing Body:</b>	<b>September 2022</b>

### Vision and values

Through partnerships with local communities, Willenhall E-ACT Academy will strive to create a happy, safe, inclusive and challenging learning environment that develops independent, healthy and confident learners. We will ensure that all our learners including those with a disability, aspire to the highest of standards, are economically aware and make a positive contribution to the wider world.

In order to enjoy and access a balanced, rigorous and inclusive curriculum through which children learn effectively, the staff and academy ambassadors aim to work with the wider school community partners to:

- Promote equal opportunities for all as an inclusive school regardless of disability, race, gender, culture or religion and make reasonable adjustments to the curriculum where required to cater for the needs of all pupils.
- Set high standards and targets for all pupils including those with a disability.
- Provide a safe and secure learning environment for all pupils.
- Develop pupil collaboration and independent learning opportunities.
- Make sure that all pupils are happy and fulfilled having a positive self-esteem.
- Equip all of our pupils with the necessary life-skills and become literate and numerate in order to gain a lifelong means of communication.
- Promote positive attitudes in pupils to enable them to develop socially, morally and spiritually so that they can make the right choices to stay safe.
- To positively encourage awareness and acceptance of disability both in and out of the classroom.
- Not to treat disabled pupils less favorably for a reason related to their disability.
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage.
- To plan to increase access to education for disabled pupils.

### Definition of disability:

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

(b) He or she has a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

**Purpose of the plan:**

To reduce and eliminate barriers in accessing the curriculum and to enable full participation in the academy community for pupils, prospective pupils and adult users with a disability.

This plan sets out the proposals to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the academy curriculum;
- improving the environment of the academy to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery of information which is readily accessible to pupils who are not disabled.

The academy's accessibility plan is resourced, implemented and reviewed and revised as necessary.

**Monitoring arrangements:**

This document will be reviewed every 3 years but may be reviewed and updated more frequently if necessary.

**Links with other policies**

This accessibility plan is linked to the following policies and documents:

- SEND and learning policy
- Special Educational Needs School Information Report (SIR)
- Supporting Students with Medical Needs Policy

### Increasing the extent to which disabled pupils can participate in the academy's curriculum

Increasing access for disabled pupils to the academy curriculum and improving teaching and learning lies at the heart of the academy's work. Through self-reflection and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes. It is a core value of the academy that all children are enabled to participate fully in the broader life of the academy. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits.
